LifeSafety Power Adds Industry Leader Steve Wagner as Board Member

Mundelein, IL – September 8, 2016—LifeSafety Power Inc., the industry leader in Smart Power Solutions and patented remote networking capabilities, announced the appointment of respected industry veteran Steve Wagner to the company's Board of Directors. LifeSafety Power has experienced phenomenal growth since first unveiling the FlexPower product line in 2010 and with this appointment is taking the next step in solidifying its category-defining role as a network-based intelligent power management solution provider. Steve Wagner, former president of Mercury Security and now principal at Cartwright Partners, LLC, is a highly respected security industry veteran and business strategist whose executive career spans 30 years in the access control industry.
