

FOR IMMEDIATE RELEASE

## **LifeSafety Power® Sets Sights on GSX 2018 with Product Releases and Booth Enhancements Highlighting an Innovative Category of Data-Driven Power Solutions**

Award-winning Multi-Site Manager-Enterprise, ProWire Unified Power and other leading solutions on display at Booth 2765 will focus on the new state of power: data-gathering devices that yield superior system integrity and uptime for the end user.

**Mundelein, IL, September 12, 2018** — LifeSafety Power® Inc. heads to the Global Security Exchange (formerly ASIS International Conference and Exhibits), September 24 through 27 in Las Vegas, riding the coattails of recent product awards and groundbreaking innovation in power, security and access control.
