

## GEMINI™ RGL Series

**Power and Distribution for Rackmount Systems**

**UL, CUL, CE listed systems**

**Single and Dual Voltage configurations**

**with Patented LSP Network Management**

**Dual AC Input option available**

The GEMINI RGL Series provides power and distribution in a rack mountable enclosure. RGL models are available in single or dual voltage models with various distribution options with or without network management.

[/tab] [tab title="Overview"] Available options include 75 to 500 Watts in single or dual voltage operation with power distribution and control, individual output protection by either fuses or class 2 power limiting, buffered lock control, and remote reporting and test. Each LSP output is protected against electrical surges caused by lightning or transients on the

external wiring (SurgeShield) and each LSP control output is individually selectable for available DC voltages, and either failsafe or failsecure operation with fire alarm interface. Optional network reporting capabilities include: operational fault status; power supply output; battery charging voltage; battery charging current; and fire alarm input status. In addition to automated and scheduled status reports, diagnostic servicing and battery load tests can be performed remotely, saving or reducing the cost of on-site servicing.

**Produ**

## **ct highlights**

- 120 or 230V AC user selectable input supports data center electrical systems
  - Single or dual voltage options cover all access functions
  - Power distribution options allow either direct or buffered lock control
  - Individual output selection for failsafe, failsecure, lock voltage and fire alarm interface
  - Network models enable power reporting, battery test and output control functions
  - 2U drawer on extendable slides simplifies controller installation
  - Integrated wire management tie slots and articulating arm
- High capacity battery charge capability
- Automotive fuses for ease of service and replaceability
- 2U rackmount battery housing available. PN: RBE

## **Reliability and Safety**

- RoHS Compliant
- Lifetime warranty

## Agency Listings

- UL 294 / UL 603 / UL 1076
- CE
- FCC Part 15, subpart B
