[/tab] [tab title="Overview"]

RC Series power supplies provide controlled lock outputs with FAI control and continuous outputs in single or dual voltage 12 or 24VDC configurations ranging from 75 to 300Watts total output power. Controlled lock outputs each have an input selectable for NO/NC dry contact, voltage, or open collector input. Outputs are selectable for fail-safe or fail-secure. Available in 8 or 16 zone versions, each output is fused at 3A and is protected against surges. Factory set for 120VAC input, they can be user configured for a 230VAC input. RC-N Series versions add network capability.

Designed to fit neatly into standard 19" equipment racks, the streamlined cabinetry and exceptional features combine to significantly reduce installation and service costs.

Features include removable terminal strips for field wiring, input and output surge suppression, automotive blade fuses for improved reliability, a front removable chassis face plate for serviceability, and a 16 gauge steel 2U rack mount or wall mount chassis.

### Product highlights

- Agency listed for Access Control, Security, CCTV, Mass Notification
- SurgeShield - enhanced input and output surge suppression
- Multiple outputs for system power and direct lock control
- Microprocessor dual rate charging restores battery sets from 4 to 80Ah
- Fire Alarm Interface (FAI) with latch mode for Canada
- Configurable fail-safe / fail-secure modes of operation
- Comprehensive fault detection and reporting

- Continuous or switched DC selectable per output by positional jumper
- Removable jumper for individual output disconnect
- Enhanced input and output surge suppression
- Programmable system and AC fault alerts
- User enabled earth ground and battery presence jumpers
- Front removable chassis face plate for serviceability
- Automotive blade fuses for improved reliability
- Removable 3 wire grounded AC line cord
- Network communication interface option

### Reliability and Safety

- RoHS Compliant
- Lifetime warranty

### Agency Listings

- UL 294 / UL 603 / UL 864 / UL 1076
- ULC S318, 319
- FCC Part 15, Subpart B
- CSA C22.2 107.1
- CSA C22.2 #60950
- CE
- CSFM Approved
